Table Height: 710

Yume Features

Product features

Premium Table Top
Choose from a wide range of coloured and wood laminate.

FSC® Certified Timber
Built from sustainably sourced and registered timber.

Lights
Efficient LED lights are controlled by remote sensors to turn off when not in use.

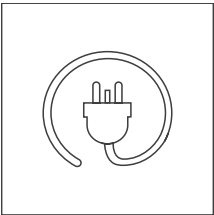

Acoustic Rating
All meeting pods reduce sound up to 32dB.

Good to know

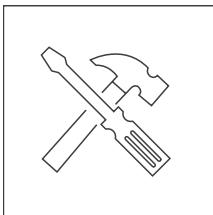

Lights with motion sensor can be added as required as optional extras - lights are LED strips and can be adjusted to suit your needs via a dimmer switch.

A single plug is needed to power the den - the power cables are 2m long and can be plugged into a floor box underneath or a nearby wall plug.

What's it made from?

Polyurethane acoustic foam. FSC® certified (FSC-C199985): MDF and Birch plywood. FSC® certified products are available on request.

A look inside

LED light strips are a versatile and energy-efficient lighting solution. When it's combined with the PIR motion activation technology, they become even more environmentally conscious. The bright LEDs illuminate the pods enough to allow the user to work comfortably without eye strain or headaches. Dimmer switches also allows the user to increase or decrease the brightness to suit them.

The lighting responds to movement and switches off automatically when the area is unoccupied, motion-activated LED light strips help conserve energy and promote sustainability, making them a smart and eco-friendly choice for modern lighting needs.

- Wattage: 36 watts
- Dimmable: Yes
- RGB Controller
- Supply voltage: 24V
- Dimensions (mm): 1600 x 500

How We Work

Order Confirmation

On receipt of a clear purchase order an order confirmation will be emailed within 24 hours. Any discrepancies on your order confirmation need to be raised immediately.

Lead Time

On most standard products our lead time is 4 - 6 weeks. If you require delivery sooner, get in touch and discuss with our team, we do our best to meet the tightest deadlines.

Quality Control

Very occasionally things go wrong, if you are not happy with any aspect of the product / service please get in touch. We are very proud of our products and want you to be too. We will get back to any issues within 24 hours with a detailed plan of action.

Delivery and Install Options

Please contact us for pricing.

Customer Services

We are here to help. We are friendly and love talking about furniture, design and the everything else. Give us a call, drop us an email, post us a letter if you're old school.

After Care

Care Instructions

If you have any questions contact JDD directly. Alternatively visit our website: www.jddfurniture.com for full details. By following our instructions you will be able to enjoy your furniture for many years to come.

Delivery

For most orders, our furniture will arrive ready assembled. But from time to time as with all furniture, it is a good idea to check the tightness of any screws and bolts. Be careful where you position the furniture as direct sunlight may cause some of the fabrics to fade.

Fabric

We use a variety of different textiles on our products, and it is important for you to check cleaning instructions for your particular fabric before you clean or treat your furniture. These details are available from JDD directly or the relevant fabric manufacturer. Cleaning often is important to maintain the appearance and durability of the fabric. With vacuuming as part of your everyday cleaning, and wipe away spills before they have chance to dry. You may also use a mild environmentally friendly detergent with warm water (please test the detergent in a small hidden area of the fabric first, and avoid rubbing as this could damage the fabric fibers).

Steel

Wipe all steel surfaces with a damp cloth. Most of our steel products are powder as this is a much more environmentally friendly finish than chrome or lacquer, and so a simple wipe with a clean cloth (with mild detergent for more stubborn marks) will have your steelwork looking brand new.

Laminate

Wipe with a damp cloth or use furniture polish. Always dry your furniture afterwards using a dry cloth. Do not use abrasive detergents, sponges or clothes as this will affect the finish of your furniture. Remove any ink, wine or wax stains using acetone or methylated spirits, then wipe the surfaces with a damp cloth and finish by wiping the surface with a dry cloth.

Leather

Vacuum regularly and wipe leather with a slightly damp cloth – always dry the leather. Use the leather treatment regularly (only use approved leather care products). This will ensure your leather furniture will age beautifully.

Wood

Wipe regularly with a damp cloth or furniture polish. Do not use any abrasive detergent, sponges or cloths. Wood is a natural material and may move or change colour over time. It is not recommended to push wood work against a heating source such as a radiator, as this will cause warping.

Warranty & Repairs

Five Year Product Warranty

JDD Furniture Ltd warrants product sold to be free of defects in material and workmanship for a period of 5 years.

If a product, part or component is found to contain defects in material or workmanship within the applicable warranty period, JDD will repair or replace it with the same or comparable product, at its option, free of charge. Any product, part or component subject to a warranty claim must have been installed and maintained according to JDD's instructions and must not have been subjected to unreasonable use or modified in any way. This warranty applies to original purchasers only who acquire their products new from JDD or one of their authorised dealers. The warranty period starts from the date of invoice.

Exclusions

This warranty does not apply to product failure resulting from:

- Normal wear and tear.
- Failure to apply, install, or maintain products according to published JDD instructions and guidelines.
- Abuse, misuse, or accident.
- Alteration or modification of the product.

The following products and materials are not covered by this warranty:

- Products considered to be consumables (moving parts such as hinges).
- Electronic components.
- Changes of wood colour due to ageing or to exposure to light.
- Customer's own (COM) or non-standard textiles and materials
- Fabric – JDD offer no warranty on any fabric or leather used. Please refer to each fabric manufacturers individual warranty before specifying.

Variations occurring in surface materials (e.g. colourfastness or matching grains, textures and colours across dissimilar substrates and lots). This warranty applies only to products delivered within Europe.

Except as stated above all conditions, warranties and representations, whether express or implied, statutory or otherwise in relation to the products are excluded. This limited warranty is the sole remedy for product defect and no other express or implied warranty is provided, including but not limited to any implied warranties of merchantability or fitness for a particular purpose. JDD shall not be liable for consequential or incidental damages arising from any product defect including death or personal injury resulting from negligence.

This warranty information updated and valid on 01/01/2020.
